

## WAR VET DENIES GRAVE CHARGE

Fred Roden Accused of Arson by His Employers.

Cruel Horse-Owner Almost Went to Jail.

In Police Court this morning, Fred Roden, 21 Edgemont avenue, was accused of committing arson at the plant of the Mercury Mills, Limited. The man was arrested yesterday by Detectives Shirley and Fawcett, who seized first fire had broken out in the mill machinery, where they became ignited, and the horses in the looms. It was also stated by the detectives that Roden, when arrested, was shouting "excitement" and "fire" for "excitement." He pleaded not guilty, elected to be tried in higher court, and was remanded for one day at the request of the Crown.

John A. Jones, colored of Birchtown, who yesterday was accused of robbing a man of \$100 in obtaining money from the Federal Emergency Appropriation fund, was sentenced to the maximum term of 10 years for the charge, the sentence to run concurrently.

Wellington McGruder, another colored man, who was arrested a week ago on a vagrancy charge, was remanded for a week.

From the court, the immigration authorities are making arrangements to have him deported.

Three youths, when going home from a party on Saturday night, acted in such a manner that they charged the police with conduct. They were Samuel Soskin, 625 Barton street east; Donald Whittemore, 15 Kildare street, and George C. Smith, 15 Kildare street, all of whom donated \$10 for the offense.

Louis Henry, 15 Hurontario, who claimed he had lived here for about 15 years, was charged with being a common vagrant. He stated that he had been living in the police station, police picked him up on the streets.

"Has he a home?" the magistrate asked. "He is living in the police station, and that's a good enough home for him!" Deputy Chief Constader stated that he had been living in the police station, and that's a good enough home for him!"

"The man broke a whip over his horse, beating it cruelly," stated Constader. "When Robert Fawcett, a fellow, was asked if he was guilty of cruelty inflicting a horse."

"I have a good mind to send you to jail," said Constader. "But I'll only fine you \$20 or 34 days if you'll pay the magistrate."

Billie G. Grant, 172 King street north, pleaded guilty to west acting disorderly on Saturday night, by fighting a Jewish youth. For this, each was taxed a ten-pence.

Nicolo Nicoli, 32 Sturt street east, failed to appear in answer to a charge of drunkenness, to his bail of \$25 was forfeited.

## NICE FOR OTTAWA

Outsiders to Pay for Its G. W.V.A. Memorial.

(Canadian Press Wire) Ottawa, Jan. 20.—The unqualified decision of the ratification, by their vote, of the proposed amendment to the constitution, to endorse the creation of a public hall as a memorial to Ottawa, which will be in the great hall of the new city hall, was the action in their own behalf. Last night, at the meeting of the Ottawa committee of the G. W. V. A., Captain Grant, who is the chairman of the Memorial Hall Committee, outlined a scheme for the creation of a hall in Ottawa as a memorial to the 6,000 Canadians from all parts of the Dominion who gave their lives.

The cost would be borne, as far as possible, by the G. W. V. A. and the G.W.V.A. and it is hoped that the co-operation of other veterans' organizations will also be enlisted. Counting the G. W. V. A. and the G. W. V. A., Captain Grant said that \$2 or \$3 each would prove nearly a million dollars for the creation of the hall, to be added to the dominion executive now in session.

DEMAND FOR KAISER.

(Canadian Press Wire) San Diego, Jan. 20.—A physician attending Madame Ernestine Schumann-Heink, who is ill with pneumonia at her home, has issued a statement to the effect that her condition is not serious, she is not yet out of danger.

EX-GOVERNOR ON TRIAL.

Canadian Press Wire) Montreal, Jan. 20.—John F. Graham was placed on trial yesterday for the offense of receiving and lacry money of state money during the period from 1916 to 1917.

The amount involved was set at \$20,000, of which more than \$20,000 was repaid.

RAIDED REDS IN SEATTLE.

(Canadian Press Wire)

Seattle, Jan. 20.—Federal Justice agents and Seattle police had a raid on the Reds, who are persons of disrepute, last night. Officers went to the Red's headquarters in the basement of the Hotel Carroll, the English home of the Reds, and were part of a new national campaign.

A number of J. W. W. W. were included among the Reds arrested.

Enthusiasm for democracy must not blind us to the fact that it has also its imperfections, which, lacking restraint, may usurp the place of its virtues. The severe demands of democracy excludes representation, is inextricably despotic, eventuating in tyranny by the majority.—Immanuel Kant.

In dealing with the hand of fate the mannequin girl and the palmette have nothing on the rest of us.

## SEATS FOR MINISTERS

Premier Drury and Mr. Doberty have picked Halton and East Kent as the constituencies they will contest out of the twelve seats that have been offered them. If a seat has not been found for Mr. Raney it will be made public. Nominations will be held on Feb. 10. The election, the results of which the elections will be held on the 16th inst. Halton returned a Conservative, A. W. Nixon, in the 1914 election by a majority of 319. Mr. Ford, the U. P. O. member, had a majority of 359 in the last election. In the East Kent election, Mr. Doberty, having a majority of 271. But Mr. Doberty, the U. P. O. member, had a majority of over 1,000.

We would imagine that there will be no contest in either of the constituencies. Public opinion would be against the opposition to the Premier, and the majority in favor of the U. P. O. member in East Kent election was so great that it would be likely to discourage any attempt at opposition. We believe that the Drury Government is sincere in its desire to do what it says it is to do. There may be a fight over the seat of Mr. Raney, and yet we think that few lawyers are more competent than he to fill the position of Attorney-General.

## CAN GET NO REDRESS

The scarcity of electric power and the frequent stoppages, with the resultant stoppage of business, has got on the nerves of some of the city managers, and they are requiring it to be possible to get some redress for the losses they sustain through these stoppages. If these are kept standing for hours doing nothing, and thus keeping up the cost of the work, it is only fair that the owners and consumers of the power be compensated, as recorded in another column of this issue, concerned his lawyer, only to be told that he had no redress, in his contract with the company absolved it from all responsibility for non-delivery. His Adam B. Drury, a shrewd enough to have it made impossible to see the Commission without first obtaining a visit from the Attorney-General, a visit that is never granted.

The general in question was a strong proponent of the Drury-Electric power, but he, like others, is beginning to wonder what is to happen if matters continue as they are, and there is talk of approaching the Drury Government to see if it can protect manufacturers and consumers from the loss and inconvenience. They want to know why the local Commission and the Provincial Commission are taking on new contracts, when they cannot carry out their present contracts.

## HOW TO FIRE

A business man who is also a smoke expert took the trouble yesterday to climb the Times office stairs and draw a plan and explain to the editor the proper way to fire a furnace so that it will burn more fuel and save a sum of money every time the stoker fires up. An expert firman who knows his business, he said, will never shovel a fresh charge of black coal all over the surface of the fire. Rather he will merely throw a shovelful or so of coal on the front of the firebox. After that he has been partially buried in the furnace, and the surface, and thus keep the whole firebox covered with red and smokable coal.

Fresh black coal makes no heat and creates no steam or power, but it wastes the coal when it is thrown all over the firebox, and is of no benefit until it gets red. But the moment it is getting up the chimney in smoke, the stoker should stop, and then knock out the ashes, and then the firebox is again ready for the next charge. They have "no many liabilities to be welcomed at present."

drawing its attention to the depopulation of the country villages and the disappearance of the village grocery, attributed some of the causes for this evil to the mail order business, which took much business out of the hands of the village merchant. At that little could be done to mitigate the evil unless it was done by an increase in the express or mail rates.

At this meeting Sir George Foster expressed his opinion that there were too many middlemen in the grocery business, and he warned farmers to be wary of a business that they knew little about.

## THE ROCKEFELLER GIFT

The many millions given by John D. Rockefeller to the Foundation that bears his name for the promotion of education and for combating disease will prove a blessing to mankind. It is gratifying to know that Canada is to share in this benefaction. Mr. Rockefeller made it clear that he could not be pleased if the Foundation could find it practicable to donate \$600,000 of the amount to the medical schools of this country. Mr. George V. Vincent, President of the Foundation, has issued a statement saying that it has agreed to apportion this sum to Canada. He says that

"I am sure that our Mr. Rockefeller's suggestion concerning Canadian medical schools, the trustees of the Foundation will be asked to consider the same. I am sure that they will be pleased to do so. It is hoped that this sum will be used for the improvement and development of the leading medical schools of the Dominion. From this sum appropriations will be made by the Foundation to medical schools in Canada, so that they may receive additional funds from other sources. It is hoped that \$600,000 thus employed by the Foundation at this time will give a distinct impetus to the development of medical education in Canada."

There need be little doubt that those colleges which receive a grant will be pleased to make an equal amount to the giving by the Foundation.

## EDITORIAL NOTES

A dollar in the penny bank is a dollar lost at 3 per cent. to the Dominion Government.

The Mayor is still talking of getting a better supply of gas. Action, we hope, will come sooner or later.

Indiana is the twenty-sixth State to ratify the Federal Suffrage Amendment. The number needed of those yet to vote is ten.

With a view to conserve electric light the local Commission may adopt the suggestion of the Times, and close every other street light.

Subscriptions are now being asked for the creation of a national movement to Sir Wilfrid Laurier. These are limited to 55 a subscriber.

A writer in the Farmers' Magazine blames the paper mills for the Ontario Government's part of the expense of the school books out of the general funds.

It is proposed to cover up the wet and damp. It is an expense and a nuisance and a bother to the firemen. Some of this may be mitigated and the remainder avoided.

Let Homesteads come quietly into the city. The other sections that are knocking at our door for admittance will have to be closely investigated. They have "no many liabilities to be welcomed at present."

Twelve farmers of Norfolk County raised 26,449 pounds of tobacco this season, which at 42 cents a pound, during the past week 18 tons 550 pounds of Norfolk grown tobacco were received at the office of the commission ship to London for treatment. It will be re-packed and sent on to Quebec for manufacture later.

Mayor McRae, the Bradford Labor member of the Ontario Legislature, is leading the insurgent Labor forces. They had a meeting in Toronto yesterday, at which they decided to form a Labor group in the House. The Labor legislation for the coming session. It is well known that Mr. McRae does not see eye to eye with Mr. Drury, and it looks as if he will head an independent group on behalf of Labor's interests.

John E. Walsh, Secretary of the Ottawa meeting of the Retail Merchants' Association, was in full accord with the Kingston Standard said:

"The question of the mail order business is one which requires looking into as a matter of fairness to the retailers, who are not opposed to legitimate competitors, but who naturally object to and resent the mail order business being to the cage in the rates allowed in the past period. The Government rate on mail matter is said to be 16 cents per mile per pound, but the actual cost is reported to be 27, the balance being out of the consolidated fund. To that extent, the mail order houses benefit, and it is well that the Government is reported as looking into the question. Again these houses carry no stocks in the towns where they do business, and the mail order merchants do and are taxed on them."

The appeal of the Hamilton grocers, placed before the Board of Commerce,

outlook has come out strongly for the Saint Lawrence proposal. The reason it gives is that "the Middle West is cramped; it cannot move its goods when in season," and "it cannot even produce up to its capacity for want of a transportation system which will fit its products." It is suggested that there should be the Mississauga or through the Great Lakes and the Saint Lawrence. The latter is the wider gate. Open it to its fullest width and depth," says the Outlook, and "our Middle West production is made very much more accessible to the world's markets." It is possible that traffic will so develop that there will be commerce enough for both the North American and the Canadian system.

The Montreal Herald says that during the fiscal year ending March 31, 1918, the Canadian Government drew from the public treasury in hard cash the sum of \$1,000,000.

Ministry Department ..... 17,745  
Trade and Commerce ..... 11,945  
Legislation ..... 1,000  
Inventions ..... 2,706  
Agriculture ..... 1,612  
Naval Service Dept. ..... 175  
Interior Department ..... 100

Or a total of \$10,514.

Altogether, however, under tender, the Herald says that the expenditure of the Canadian Government for the year 1918-19 was \$10,514.

CORN HIGHER;  
MARKET FIRMUsual January Drop Did  
Not Come.Short Interest Has Been  
Reduced.(Supplied by Tompson, Forwood &  
Co., Merchants Bank Bldg.)

Chicago, Jan. 21.—Local traders who were bearish, and who have tried for two weeks to get prices for corn and oats down because it was "Lunar," and "Fair," have been beaten out. The market is now up, and there is nothing to go to on selling short, were in many instances willing to admit last night; that they have been wrong, and that it has cost them money. Corn prices are up now to the point where the local corn is over 1 cent lower. The higher, however, is 9 cents. The latter has not been included in the market, and is not as to selling in January. Now that prices are up five cents on January and 3 1/2 on February, the local corn is up with the market. The low conditions were regarded as more bullish, while they were very bearish at the time of the market. So far there is no corn in January has been disappointing and there are only two days left.

The short interest has been largely targeted for the advances in corn the past two days, was said to be greatly reduced, and the local corn is up in price, and the close did so through holding of offers. One of the big short shorts arrived from a local broker who has been bullish, and bought on the breaks when all others were bearish, and who had a surplus in and is said to be off the market.

The semi-monthly meeting of the Veterans of France will be held at 8:30 A.M. on Saturday, Jan. 25, at 8. The Secretary will be hand at 7:30 to receive applications for membership. The V.F. emblem and the unit will be laid on the table at this meeting, for signatures. Members who do not attend the meeting will be unable to be considered as having attended.

The general opinion of the veterans of the war is that their unit will be determined on this all important subject. Various other items of import will be discussed.

STOCK BUYING  
IS BY SHORTSNews From Washington is  
Bearish.Cotton Lower at the Open  
ing To-day.

New York, Jan. 20.—The market appears over sold in soft direction but as yet practically all that buying power is still available. The market's participation is not likely to be encouraged by the fact that the market is not in control, regulation, and of the failure of the market to make any move in that direction. However, dualists do Washington assume disappearance almost.

Traders are disposed to say that the market is bankers' preference, and in Chicago, on Friday, and in the mean time, the market is drifting in this area.

Cotton was lower in reaction to market price, but it was a purchase on the opening.

## STOCKS

Important interest on the street com-

mended confidently bullish on the close.

There was a good demand for stock in the market, and the market's interest has reached large proportions.

The market's interest in the market's interest rate of federal reserve bank will be advanced to 16 per cent, and that may prove to be a very large development will be unfurnished.

He reached into a glass box, thrust his hand under some dry leaves and brought out a large, dried, brown leaf. He held its head to his lips. It closed its ugly mouth there.

"He's a pretty good rattler," said Mr. Weinberg. "Worth \$3 anyway."

Talking of the reptile demand, he said:

"It's like everything else—there is more demand for imported snakes than for home produced."

"They want snakes in America, they want European reptiles."

TURKEY'S RIGHT, SAYS SULTAN.

Constantinople, Saturday, Jan. 17.

Turkey's right to political existence is upheld by the Sultan, who has said to-day by the Sultan's Power is exer-

cuted by the Sultan's Power will be one of the most important events in the history of Allied forces who are at present hold-

ing portions of the Empire.

## CANADIAN Y.M.C.A. OPENS CONVENTION

National Council Reports On War Work—Commission of Five.

### THE OFFICERS

Abner Kingman, of Montreal, is now Dominion President.

Toronto, Jan. 21.—The vast chapter of the work carried on by the Y.M.C.A. in connection with the Great War was the outstanding feature of the report of the National Council, presented by the general secretary, General W. Bishop, at the opening session of the third national convention of the Young Men's Christian Association at the Central Y.M.C.A. yesterday afternoon. Over 100 delegates, representing every province and most of the principal cities of the Dominion, were in attendance when the convention was opened by the retiring president, J. A. Machado, of Ottawa.

The report of the Canadian period notes that during the war period there was a slight decrease in the number of members in the Y.M.C.A. in the total membership. "This was more than made up, however, by the magnificent character of the contributions of the Y.M.C.A. to the war," he said.

General Bishop indicated by the fact that the military service expenditures reached a maximum in 1918 of nearly \$10,000,000, while the amount in 1919 of 50 per cent. was covered by proceeds from the campaign, this money going to aid in the war. The sum of the total amount of contributions, such as hot meals and refreshments, such as hot tea and coffee, chocolate, fruit, etc., to the soldiers in the trenches, and the amount of money spent in the training and board trains in Canada. So close were the "Y" men to the men in the gun pits could be served, while all through the great mass of reserves, these great contributions were made, grounds, facilities were provided for the entertainment and comfort of the men.

The speaker, in telling of the great work the Y. M. C. A. was carrying on in India, said that from a small beginning in Madras there was now 200 Y. M. C. A. centres in the country. He told of the success of the "Y" in India, Canada, and over the troops in Mesopotamia and in India, and closed with the appeal on behalf of the Y. M. C. A. to the members of the Y. M. C. A. to do the thing that industry needs in its greatest need.
